PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Pahokee, Canal Pt. Groups Form Hospital Auxiliary

Representatives from all community organizations in the Pahokee and Canal Point area met Monday morning at the home of Mrs. Helen Jean Boynton to organize an auxiliary for Everglades Memorial Hospital. Mrs. Grace Maxson, chairman, was in charge.

By-laws of the newly formed auxiliary were drawn up. These will be submitted by Clifford Simonds, hospital administrator to the hospital board for approval at their next monthly meeting.

Mr. Simonds met with the auxiliary at their first meeting and answered questions concerning auxiliary work. Last week a small group of Beta Sigma Phi members met with Mr. Simonds to discuss the organization of the hospital auxiliary.

Mrs. Flora Mary Hamilton, district representative of hospital auxiliary, attended the meeting and spoke to the group.

Temporary officers appointed were, Mrs. Grace Maxson, chairman; Mrs. Helen Jean Boynton, vice chairman; Mrs. Marian Hatton, secretary and publicity; and Mrs. Marilyn Poteete, treasurer. In the latter part of October, the auxiliary will hold open house to receive anyone in the community who wishes to join.

Lake Worth Next For Blue Devils

Lake Worth Trojans will furnish opposition for the Pahokee Blue Devils tonight on Russ Bullard field in Lake Worth when the local aggregation goes away from home in search of the first win of the season. Last Friday night in the first home game of the season the Blue Devils were defeated by the Falcons of Forest Hill by a score of 14 to 6.

Having lost three games in a row the locals are sincerely hoping that the fourth encounter will bring a mark in the win column. The season's opener was lost to Clewiston, then came Vero Beach in another game away from home and that one was won by the opponents of Pahokee by a score of 13 to 12. Last week's loss made it three straight.

Falcons from Forest Hill in West Palm Beach overcame a 6-0 deficit with a pair of last period touchdowns and emerged 14-6 winners over the Pahokee Blue Devils in a Suncoast Conference football game in Pahokee last.

Forest Hill had a total of 242 yards gained, while Pahokee added up 162. Not a single penalty was assessed against Pahokee.

COLVARDS ON VISIT

Rev. and Mrs. Guthrie Colvard left Wednesday night for a trip to the Blue Ridge mountains of North Carolina. While in that area they plan to visit his mother and on the return trip they will visit with their daughter, Miss Ruth Colvard who is a student at Stetson University, DeLand, Fla.

Mr. and Mrs. Karl Watson spent this past weekend in Orlando.

Church Builds New Sunday School Rooms

Workmen started construction yesterday morning on several Sunday School rooms to be made available to the congregation of the First Baptist Church of Canal Point. The church is located on First Street on the canal in Canal Point. Several weeks ago workmen cleared the lot and piling have been driven for several days.

Pelican Lake P. O. Is Contract Office

Tomorrow, (Saturday, Oct. 10) the Pelican Lake Post Office will open for business as a Rural Station attached to the Canal Point post office and Mrs. Marie (Sapp) Hughes will be the clerk in charge. The name of the office will not be changed.

Mrs. Louise Echols of Canal Point will retire today as postmaster at Pelican Lake after ten years in that job. Previous to taking over as post master she was clerk in the office operated by Mrs. Jones as post master who retired.

Mrs. Echols came to the Canal Point area 23 years ago from Roanoke, Ala. She lives with her husband on Second Street in Canal Point. They have four children. They are: Charles W. Echols and James T. Echols, both married; Betty Echols teaches at Lake Worth High School and Renza is presently with a National Guard unit in Columbia, S. C.

According to Mrs. Edythe Smith, Canal Point postmaster, Pelican Lake makes the third post office to become identified with the local office. Port Mayaca, formerly with a post office, is now served by a Star Route out of Canal Point. Bryant and Pelican Lake are both rural stations with clerks and are directly identified with the Canal Point office.

Beat Incumbents City Of South Bay

1964 is a bad year for political incumbents in Palm Beach county. In their annual city election in South Bay Wednesday all three incumbents were tossed out of office by the voters.

492 voters went to the polls in a spirited election and Henry Eifers were the high vote getter with a total of 254 to 208 for his opponent, Councilman A. O. Walker, Jr. Incumbent Mayor - Commissioner J. C. Bowen was defeated by Cosby Crews, who garnered 243 to the incumbent's 227 total votes.

The closest race was between C. F. Denton, who won over incumbent Franklin W. Kelly, 233 to 222. Bowen, Kelly and Walker all pledged their support to the new members who will join K. L. Warren and A. R. Grigby on the commission.

The new members were sworn in Thursday night.

Bacom Point Road Work Has Started

Work was started Wednesday on rebuilding one mile of Bacom Point Road from the Pahokee City Park southwestward. J. W. Whittaker from Highlands county is the contractor.

The construction job calls for one mile of modern highway with curb and gutter and sidewalk on the north side of the new street and curb and gutter only on the south side, according to County Commissioner Paul Rardin who inaugurated the idea for the job two years ago. Palm trees on the south side of the street prevent the building of a sidewalk, according to state road department officials.

Beldere Construction Company of West Palm Beach, successful bidders on building Rardin Avenue in Pahokee, have been given a "delay" order by the State Road Department for several weeks in order that the sewers may be installed in the new street by the city's contractor. Excavation of half of the street has been completed and filled by the Beldere concern and other excavation will start as soon as the sewers are laid.

Florida Power and Light Company workmen are busy this week installing new poles to carry the wires into the area served by Rardin Avenue. Poles are in place and framing of them has already begun. This work is to be completed before the wires are stretched.

Dr. James Is New At Sugarcane Station

Dr. Norman I. James, research agronomist, is the new sugarcane breeder at the U. S. Sugarcane Field Station at Canal Point. He is reported for duty on September 28, and will be engaged in producing new hybrid sugarcane for Florida, Louisiana, Mississippi, and Georgia.

The expansion of the Florida sugar industry places increasing emphasis on sugarcane varieties adapted to this region. Dr. James will not only select the sugarcane to be crossed in order to combine desirable qualities in new varieties but will also evaluate them by growing the seedlings on cooperating plantations. He replaces Mr. P. H. Duckelmann who has recently been transferred to the Houma, Louisiana Sugarcane Field Station of the U. S. Department of Agriculture.

Dr. James received the B. S. degree from Colorado State University in 1957, the Ph. D. degree in Plant Breeding, Plant Physiology and Statistics from Rutgers, the State University of New Jersey, in 1961. He was employed as a sugarcane breeder by U. S. D. A. in Puerto Rico from 1961 to 1963. Since that time he was on the Extension Specialist staff at Rutgers.

The area of work involved production and management problems in corn, soybeans, and small grains.

Dr. James, wife, Sylvia, and two sons, aged 2 and 4, are residents of 1797 East Main in Pahokee.

Mr. and Mrs. Bush who attended the Pahokee-Forest Hill foot ball game.

Pahokee School Accredited By State Department

Members Attend Star Inspection

Members of the Pahokee Chapter 184, Order of Eastern Star attending the official inspection of the Masonic Temple in Lake Worth Thursday night, Oct. 1, were Mrs. Ruth Meredith, grand representative to the State of Missouri, Mrs. Jennie McKinstry, Mrs. Adeline Wooten and Mrs. Jessie Barnes. The official inspection was made by Mrs. Ion Keen, associate grand conductress of the OES Grand Chapter of Florida.

Funeral Services For Terry Sellers

Funeral services were held Monday morning at the Methodist church in Pahokee for Terry Levent Sellers, 61, who died suddenly by Saturday morning while being taken to a West Palm Beach hospital by his wife, Rev. John Briley, pastor of the church, officiated and Elks held graveside services at Port Mayaca cemetery.

Pall bearers were: Luke Fraser, Thadd Whidden, Roy Segree, Rupert Mock, J. S. Barwick and Robert Hatton.

He was a native of Ashford, Alabama, and came to the Glades in 1926. He was District Freight and Passenger Agent for Southern Railway Company. He was a member of the Pahokee First Methodist Church and Pahokee Elks Lodge 1638.

He is survived by his wife, Bernice, two daughters; Mrs. Linda Rice of Jacksonville, Mrs. Martha Henney, Green Cove Springs. Three brothers; Judge Carl E. Sellers, Dothan, Alabama; Harvey L. Sellers, Ashford, Alabama; Leslie Sellers, Los Angeles, California. Four sisters; Mrs. D. D. Strong, Ashford, Alabama, Mrs. Winnie Swicord, Bainbridge, Georgia, Mrs. Lucille Martin, Jacksonville, Mrs. Eunice Tucker, Atlanta, Georgia. One granddaughter.

Pahokee PTA Hears Two Candidates

Members of the Pahokee PTA heard Democratic Candidate, Robert Fulton and Republican Candidate Lloyd Early speak briefly Monday night and answer questions by the members. The candidates are seeking the office of Superintendent of Public Instruction in the coming November election.

The speakers were introduced by PTA president, Dr. R. C. Lane with Judge J. L. Tyson acting as moderator for the large number of questions turned in by the members.

In a short business meeting preceding the program, it was announced that the Halloween carnival will be held on Oct. 31, with Ray Hawk, Jr., chairman in charge.

Room count was awarded to Mrs. Judy Fowler's first grade and R. O. Lampi's eighth grade.

Pahokee Junior - Senior High School has just completed its first month of school with the highest enrollment in the school's history (514). This year the school has been able to offer for the first time modern math in the junior high school, remedial reading in the 8th grade, and a course in mechanical drawing for the senior high school.

Vocal music offerings have been expanded to include a 9th grade chorus as well as the general music requirements in the 7th and 8th grades. Also for the first time in several years, physics and chemistry are both being offered with a good enrollment in each course.

A new biology classroom has been equipped and, while still not the ideal classroom-laboratory arrangements, has relieved the congestion in the one laboratory that was available before.

The school has just received its final accreditation from the State Department of Education for the current school year and was very pleased to note that they had received the highest rating given by the State Department - ACCREDITED.

Big Tractor Deal Glades Equipment

In one of the largest farm equipment deals for cash to be consummated in the Glades in many a moon, the Glades Equipment Company of Pahokee and Belle Glade this week sold 12 MRS (Not International) four-wheeler rubber tired tractors and a fleet of trucks to Sugar Cane Growers Cooperative for a total of \$362,000.00.

The necessity for purchase of this big amount of equipment by the cane concern was brought about by a massive mill expansion program this year that will increase grinding of sugar cane at the new mill by a heavy percentage.

A picture of the check, drawn on the Bank of Pahokee, attracted a great deal of attention at the 441 Steak House yesterday morning when a newspaperman asked Earl Stewart of Glades Equipment Company for a peek at a photographic copy of the piece of paper worth more than a third of a million dollars.

Chamber Elects New Officers

Monday night the Pahokee Chamber of Commerce elected new officers for the new year. They are as follows: William S. Benton, president; Jack Spencer, vice president; and Charles Lewis, treasurer.

The officers will be installed along with the new directors at the annual dinner Tuesday, Oct. 20 at 8 p. m. at the Elks Club. The speaker for the evening will be Jack Faircloth, well known moderator of "Equal Time" on Channel 12 T. V. West Palm Beach.

YOUR GOVERNMENT

...A WEEKLY REPORT BY

Farris Bryant
FARRIS BRYANT
Governor of Florida

The Florida employment situation reflects an expanding and growing economy. Jobs are up and unemployment is down.

During the past four years, we have attempted to bolster industry, business and the whole economy by strong support of the State Employment Service operations in order to find more jobs for Florida people and better qualified personnel for Florida businesses.

A principal factor in this effort has been the Operation Space employment program which we initiated in 1961. Worly Brown, then Chairman of the Florida Industrial Commission, led the program. OPERATION SPACE involved a new approach to job placement with an emphasis on finding employees for the employer, rather than just trying to find employers for would-be employees.

In a reorganization of the Florida Employment Service certain men in the service became "account executives" so to speak. These men take on a group of businesses or industries as their "accounts" and they make frequent visits to these accounts and study their needs - what job openings they have available - what type of people the account wants to fill their vacancies. With this knowledge the State Employment offices are able to place more people in jobs because they are working more closely

with individual businesses and industries and they have an intimate and acute understanding of the personnel needs of those businesses.

This new service to employers is a basis for getting jobs for workers. Qualifications of the worker are more carefully matched with the needs of the employer which, of course, means a more stable employment picture for both parties.

This clearer understanding of the employers needs means quicker placement of the applicant. With OPERATION SPACE the State Employment offices know at a glance where the job openings are and they have a pretty good idea how well the particular applicant will fill the bill.

This program has had innumerable beneficial results.

For example, it kept pace with the rising economy in finding jobs for Floridians. During the twelve month period ending on June 30, the State Employment Service placed close to half a million people in jobs. In 1960, prior to the establishment of the OPERATION SPACE program, over 100,000 less people were placed by the State Employment Service. OPERATION SPACE, which was kicked off in Jacksonville in July, 1961, was extended with the support of about 3,000 businessmen throughout the State to Florida's

Tour of variety experiments at South Florida Sugar Corporation.
- 4:00 PM End of Tour

eight metropolitan areas with a number of urban expansions.

OPERATION SPACE has created the image of the local State Employment offices as community job centers rather than offices for the payment of unemployment compensation benefits.

This OPERATION SPACE program is a type of activity which I like to cite as I travel to other states and other nations as indicative of the spirit of cooperation which exists between the Government of Florida, the business and civic associations, and the people of our State. We are not doing for you, but rather doing with you, those things necessary to make the use of our tax dollars more effective and the services of government more complete.

Airport Contract Voted By Co. Board

The long discussed contract for designing and building a new terminal complex at International Airport was signed Monday by the county commission.

The contract, which has been under study for several weeks, had already been executed by the firm hired to design and build the complex.

Representatives of the firm said certain phases of the work will be under construction by March, 1965 and that the project is expected to be ready for 1965-66 tourist season.

Commissioner Lake Lytal termed the agreement a good contract, "protecting the county 100 percent."

He also noted that the \$170,000 minimum fee will be shared by eight professional people doing business in Palm Beach County.

WILL FILL PULPIT

Rev. Chuck Connors, Associate pastor of the First Baptist Church of West Palm Beach will fill the pulpit of the First Baptist Church of Pahokee, for the Sunday morning services. The evening services will be conducted by Rev. Jack Ponce, associate pastor of the First Baptist Church of Belle Glade.

Mrs. Al Beverly returned to her home Thursday, October 1 from her summer home in Carolina.

WILL MEET AT 10:30

Another change for County Commission meetings was voted Monday. The board now meets every Monday but changed the time of the meetings from 9:30 a. m. to 10:30 a. m. The early hour has been in effect for the last two commission meetings in an effort to wind up proceedings before the lunch hour.

Lions Will Be Busy In Coming Weeks

Pahokee Lions met Tuesday for their regular monthly business meeting which followed the board of directors meeting Monday night. The club approved the recommendations of the board which were to remodel and repair the Lions building, begin the annual light bulb sale on Oct. 9, for the sight conservation fund and begin the sale of quality Christmas trees at the Lions building on Dec. 12. Trees will range in height from 5 to 8 feet. Plans are being made to hold a "Pancake Day" at which time pancakes and sausage will be served at the club building, (all you can eat for \$1.00).

The club will host the District Governor on Sunday, April 11 from 2 to 4 p. m.

Guests at the meeting were County Commissioner Edward Bandlow; Student Lion, Fred McKee of the Canal Point Lions Club and Christopher Davison.

Sorority Members Have Sister Party

Members of the Phi Gamma Nu Chapter, Beta Sigma Phi Sorority, held a secret sister party during the regular meeting at the home of Mrs. Joan Gamot, Monday, Sept. 28.

Names were drawn for new secret sisters, Mrs. Jill Pitts, president presided at the business session.

The program was presented by Miss Cynthia Turbeville entitled "What Would I Like to Change in Myself." The next meeting will be held at the home of Mrs. Dorothy Buckner on Oct. 12 with Mrs. Glenda Padgett in charge of the program.

Tax Roll Certified By Co. Commission

The county commission Monday approved certification of the current tax assessment roll which is up about \$70 million in assessments over last year.

Tax Assessor Edgar Maxwell set the total assessment at \$1,353,189,666 of which \$254,395,200 represents homestead exemptions.

He said the roll will produce taxes totaling \$28,433,670.28, an increase over last year of \$2 and three quarter million.

More than \$18 million is destined to find its way into operation of the county system and another \$7½ million for operation of the county. Central and South Florida Flood Control District draws the third highest amount—a total of \$827,527.43.

Sub drainage districts throughout the county will get nearly \$1 million in taxes and the balance of the collection will go to special hospital, inlet and other district levies.

Two Deacons To Be Ordained Oct. 18

Sunday, October 18, will be a high day for Canal Point Baptist Church folk. Perry E. Hall and Cecil Clark will be ordained to the Deaconship of God at 2:00 p. m. that afternoon.

The Reverend Armando Silverio of the Home Mission Board will speak at the morning worship hour and participate in the ordination service.

The Reverend C. J. Smyly, former pastor of the church, will deliver the Charge to the Candidates at the afternoon ordination service.

Immediately after the morning worship hour, the church will assemble in the dining hall for an old fashioned dinner on the ground and fellowship hour. The church is planning to begin the day with a Sunday School attendance roll of 200. Then packing the sanctuary for the message from Reverend Silverio. Reverend Smyly will be present at this service and will also speak for the evening worship service at 7:30 p. m.

4-H Club Is Formed Canal Point Area

The Canal Point 4-H club held its organization meeting Thursday, October 1, at the Canal Point Community Center. Leaders attending were: Organization leader, Bruce Bittling; Mrs. Ray Urry, Norma Norman, James Veal and Mrs. Bruce Bittling, Junior Leader is Peggy Bittling.

Members attending were Glenzie Tret, Terry Echols, Lillian Sims, Pamela and Ralena Urry, Kay Hall, Brenda and Ernest Browning, Connie Phillips, Wanda, Allen, Larry and Walter Webb, Sybil Hayes, Kathy Maxson, Wanda and Allen Hitchcock, Olivia Stapler, Gladys Shrout, Julia Van Landingham, Kathy McDonald, Oren and Susie Bittling and Karen Hooks.

Guests were Mrs. Floyd Browning, Mrs. Dorothy Van Landingham and Mrs. Stanley Hooks.

October Meeting Of Pahokee WMU

At the October meeting of the WMU at the First Baptist Church, Pahokee, members heard Mrs. Guthrie Colvard present the program "Oh Worship The King" and learned that their song for the year will be the same as the title of the program presented.

Mrs. E. B. Gamble presided at the business session and gave the outline for the coming years work. Mrs. Ralph Crews outlined the week of prayer which will be held in December, March and September.

Other chairmen reporting on their plans were Mrs. Claude Shirley and Mrs. Marvin Crady. It was announced that the study course in December will be "Frontiers of Advance".

ATTEND GAME

Local residents attending the Friday night football game in Jacksonville and the Saturday game in Gainesville were Mr. and Mrs. Rupert Mock, Mr. and Mrs. Lewis Friend, Mr. and Mrs. Leon Spooner and Mr. and Mrs. Luke Fraser. Mr. and Mrs. Mock also visited their son, Rupert Mock, Jr., while in Jacksonville.

John Bolton Says Thanks To Friends

John Bolton, Pahokee Pharmacist, is in St. Marys Hospital in West Palm Beach where he underwent surgery last Saturday afternoon and is reported to be getting along nicely since the operation. Mrs. Bolton, suffering from high blood pressure, was in the Pahokee hospital several days this week and is reported as getting along as well as can be expected.

Mr. Bolton said he would like to thank his many friends in Pahokee and the Glades for the several kind expressions of sympathy he had received while being in the hospital. He said the many cards, letters and flowers had served to remind him of the fine folks in the Glades who were remembering him.

Commenting upon his incapacitation Mr. Bolton said: "It's tough to be laid up and not able to work but splendid cooperation like I've had from the doctors and nurses assures me that I'll soon be back on the job. Those in charge here at St. Marys have made my stay as comfortable as possible and I want to publicly thank them for their kindness."

State Tuition Grants Suggested

LAKELAND — Secretary of State Tom Adams has proposed a program of state tuition grants for deserving students attending accredited private colleges and universities in Florida.

Addressing the Presidents Council of Independent Colleges and Universities at Florida Southern College, Adams said such a program would provide needed funds to support private education in the state while at the same time saving tax money by reducing the demand for more new classrooms in the state university system.

Such a public scholarship, as envisioned by Adams, would be an

amount equal to regular tuition at a state university and would not exceed the amount normally spent by the state for instructional services in a public institution. Thus, according to Adams, the student attending a private school under this program would not receive benefits in excess of students in a state university.

Attending the meeting were presidents of Barry College, Miami; Bethune-Cookman College, Daytona Beach; Biscayne College, OpaLocka; Florida Memorial College, St. Augustine; Florida Presbyterian College, St. Petersburg; Florida Southern College, Lakeland; Jacksonville University; Rollins College, Winter Park; Stetson University, DeLand; University of Miami, and University of Tampa.

Diane Thompson Weds Alvin E. Bain

Miss Diana Lynn Thompson of Pahokee became the bride of Alvin E. Bain in a simple ceremony at the home of her parents, Mr. and Mrs. Roy Thompson, Thursday at 7:30 p. m. The couple repeated their vows after Rev. O. L. Smith, cousin of the bride, as they stood before an improvised altar decorated with white gladioli, mums, and pompons.

The bride was graduated from Pahokee High School with the class of 1964 and is presently employed in the accounting department of Paul's Sales and Service in Pahokee.

Mr. Bain, son of Mr. and Mrs. Alvin G. Bain, Adger, Ala. received his education in Adger schools. At the present he is associated with the Roy Thompson Garage.

Mrs. Joyce Hood, cousin of the bride served as matron of honor and wore a pale pink street length dress with white accessories and a white carnation corsage.

Given in marriage by her father, the bride was dressed in a two piece eggshell suit with matching hat and shoes. Tiny sweetheart roses made up her corsage.

John Haddon of South Bay served as Mr. Bain's best man. The reception following the ceremony was also at the home of the bride's parents who as hosts were assisted by Miss Faye Elliott, Mrs. O. L. Smith and Mrs. Joyce Hood.

Following a trip to the Florida East coast Mr. and Mrs. Bain will be at home at 1789½ Bacon Point Road.

Citrus Museum Is To Be Renovated

WINTER HAVEN—The Florida Citrus Museum, a Winter Haven landmark for the past 12 years, has closed for renovation. It will reopen next spring in the new Florida Showcase, it has been announced by the Florida Citrus Commission.

Walter J. Page, public relations director of the commission and administrator of the museum, says exhibits in the museum will be completely renovated and tailored for the new showcase.

Page said some 211,013 persons have registered at the facility during the 12 years of its existence. Visitors from some 56 countries inspected the myriad exhibits.

The renovated museum will be a part of the giant new Florida Citrus Showcase complex which is now under construction in Winter Haven.

Missionary Group In October Meeting

The Canal Point Woman's Missionary Union conducted its October meeting at the Church Tuesday at 8 p. m. Mrs. R. T. Smith, president, presided the business session, with Mrs. J. S. Atkins in charge of the program "Oh Workship The King."

The members decided to increase by 15 percent their Lottie Moon offering and made plans to attend a study course in November. The book to be taught is "Frontiers in Advance." It was decided to hold the November meeting in conjunction with the World Day of Prayer on November 2, instead of the regular meeting time of November.

CIRCLES TO MEET

The WMU circles of the Canal Point Baptist church which plan to meet Monday are the Ione Patterson Circle which will meet at the home of the chairman, Mrs. J. L. McCall at 2:30 p. m. with Mrs. M. F. George in charge of the program and the Albert Taylor circle which will meet at 8 p. m. at the home of Mrs. Arnold Scruggs with Mrs. Lawrence Stewart presenting the program.

In 1884, just 80 years ago, Dr. Harvey Thatcher of Pottsdam, N. Y., invented the milk bottle.

PRINTING
OF QUALITY

Extra Ballots To Educate Voters

County Commissioners took steps this week to help keep voters informed on issues and candidates on the general election ballot by boosting their supply of sample ballots from 25,000 to 40,000 copies.

The sample ballot order for the coming election in which 13 amendments are to appear on the machines, is the greatest number ever ordered for an election. Commissioners upped the original order in an effort to obtain an adequate supply for all interested voters.

In another action on the coming election, the board approved a school board request—a resolution calling for the use of paper ballots for the school bond issue at the general election Nov. 3rd.

Key West Air Line Runs On Schedule

MIAMI — Miami International Airport-based Southeast Airlines, Inc. charged toward its fifth anniversary recently as a prosperous throwback to the days when flying was still fun.

Presently operating three flights

daily between Miami, Marathon and Key West, the airline has conducted regularly scheduled experimental service from Miami to Orlando-Cape Kennedy and Miami to Ft. Myers and includes among its service a busy amphibian charter passenger and cargo schedule to Cat Cay, Bimini and the Caribbean.

Southeast, under the presidency of former airline jet captain Irving Jones, Jr., has relied on twin-engine Beechcraft nine-passenger D-18 ships and the twin-engine Grumman amphibian. But Jones is presently surveying the British DeHavilland Dove and several other aircraft as the possible flagship of the future for the airline.

A message from the Treasury of a free people

Why should you buy
U.S. Savings Bonds when there are
so many other good investments?

To help your country is one answer—and a good one. But Bonds have other advantages that make them worth your consideration.

For instance, they offer you just about the easiest way to save money: either with the Payroll Savings Plan where you just ask your employer to put part of your wages aside toward a Bond or through regular purchase of Bonds at your bank.

Another unique advantage of U. S. Savings Bonds is the way they stick with you. You can get your money any time,

But if you're like most people, you'll hang on to your Savings Bonds for the big things you want in your future.

And, of course, Bonds are a safe investment—as long as there's a United States of America.

Which brings us back to your country again. Bonds help defend freedom at a time when the enemies of freedom are stronger than ever.

Buy Savings Bonds. The banks or savings institutions that sell them don't charge you a penny for the service.

Each of the seven denominations of Series E Savings Bonds shows a different President of the United States. If you're interested in this kind of art, the seven make a nice collection.

Along with the hobby, Savings Bonds offer such extras as riskless investing, 3½% more money at maturity, and financial freedom for your future.

But there are other kinds of freedom tied in with your purchase of Savings Bonds. Freedom to speak your piece, choose your job, and own your property, to name a few. Every Bond you buy helps our government further the cause of freedom everywhere in the world today.

Why not start collecting U. S. Savings Bonds now? Only \$18.75 each for the George Washington variety, at your bank or on Payroll Savings where you work.

Keep freedom in your future with
U.S. SAVINGS BONDS

Christian Science Group Of Canal Point

The Golden Text for Christian Science churches this Sunday is from Jeremiah (17:14) — "Heal me, O Lord, and I shall be healed; save me, and I shall be saved: for thou are my praise." The Bible lesson is on the subject, "Are Sin, Disease, and Death Real?" A central theme of the service will be this statement from the denomination's textbook: "The understanding of his spiritual individuality makes man more real, more formidable in truth, and enables him to conquer sin, disease, and death" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 317).

Spiced Apple Sauce
Milk

(Since Friday, October 16 is school Conference day, lunch will not be served.)

TO NATIONAL GUARD

Joseph Henry Bullock left Sunday for Columbia, S. C. where he will be stationed with a National Guard Unit. Joseph is the son of Mrs. A. G. Beider. Also leaving for the six month training course was Renza Echols, son of Mr. and Mrs. L. D. Echols.

Mrs. Sadie Barwick has returned to her home in Miami following a visit with relatives in Pahokee and Canal Point.

Mr. and Mrs. Jack Dale Stacy of Belle Glade, announce the birth of a daughter, Jennifer, born Oct. 2.

Mr. and Mrs. Rene Idefonse Maestre of Pahokee, announce the birth of a son, Timmie Alex, born Oct. 2.

Mr. and Mrs. Jose Miguel Gomez of Pahokee, announce the birth of a daughter, Charity, born Oct. 3. Mr. and Mrs. Fred Derrell Mathis of Belle Glade, announce the birth of a son, Don Darrin, born Oct. 3.

Mr. and Mrs. Manuel Chancy of Belle Glade, announce the birth of a son, Gary Manuel, born Oct. 3.

Battle Waged For Dredge Location

County Commissioners really chose up sides Monday in deciding where the county's recently purchased dredge should be located.

The issue found Commissioner George Warren and Edward Bandlow on opposite sides — Warren wanted the dredge to continue working at Lake Ida and Bandlow wanted the dredge moved to Lake Osborne.

Observers recalled that it was the Bandlow-Warren combination that stood side by side in pushing for purchase of the dredge in the first place.

The dredge, since it was put into operation about six months ago, has been located in Lake Ida near Delray Beach. Pumping operation have stockpiled more than 100,000 yards of fill which is to be used for development of a new county park on the lake.

Commissioner Warren, Monday asked the board to leave the dredge in Lake Ida for as long a period of time as it was needed to remove a point of land and a sandbar which would allow boat traffic full use of the lake. His request was backed by a petition bearing 51 signatures asking that the dredge not be moved.

Chairman Bandlow left his chair to express his views on moving the dredge—saying that it was time it was moved to Lake Osborne where future development of the area requires lake pumping. He said John Prince Park is the county's largest fresh water park, draws the largest number of visitors, and is located in a heavily populated area.

The two commissioners also differed on cost of moving the portable dredge—Warren estimated up to \$2,000—a waste of tax payers money at this time, he said. Bandlow said about \$500.

Vice Chairman Paul Rardin who presided during the debate of the two commissioners was placed in a position of having to break a tie vote three times in quick succession.

Commissioner Warren moved that the dredge be left in Lake Ida and he was supported by Commissioner E. F. Van Kessel. Commissioner Lake Loyal and Commissioner Bandlow voted against the motion and Commissioner Rardin joined them to break the tie. Next, Bandlow with Loyal providing the second, asked that the dredge be moved to Lake Osborne by Oct. 10. Commissioner Rardin this time broke the tie by joining Warren and Van Kessel killing the Oct. 10 move.

Bandlow, again with Loyal providing the second, presented a motion to have the dredge moved between Oct. 18 and 24—a motion that passed with Rardin again casting the deciding vote, joining Bandlow and Loyal.

BIRTHDAY PARTY

The home of Mr. and Mrs. Charles Wilkinson was the scene of a birthday party in celebration of the second birthday of their son, Myles, Thursday, Oct. 1. Mrs. Wilkinson was assisted by her sister, Mrs. Richard Nason in serving refreshments.

Mr. and Mrs. Jack Spencer had as their guests this weekend, their daughters, Miss Kathleen Spencer of Miami Springs, and Mrs. Bill Whitcomb and daughter, of West Palm Beach.

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{3}{4}\%$ for the first year and a half; then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{4}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $\frac{1}{4}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and equipment. America's peace by making large keep our economy sound.

YOU SAVE MORE THAN MONEY WITH U. S. SAVINGS BONDS

The U.S. Government does not pay for this advertising. The Treasury Department thanks the Advertising Council and this publication for their patriotic service.

The Everglades News

PAUL RARDIN, Publisher

The way American farmers have been sharply increasing their use of fertilizers in the past few years, you'd think they led the world in fertilizer use.

In total tonnage they do lead, of course. But, although the total tonnage last year was up by 8.5 per cent to 29 million tons, some other countries outrank us on a per acre basis. A great many, however, are far below us.

For crop and pasture lands the U. S. averaged in 1963 about 60 pounds per acre. West German farms averaged about seven times that amount.

On the other hand, per-acre use in Russia was only about one fourth the U. S. figure. That's one reason Khrushchev is pushing construction and purchase of plants to produce agricultural chemical.

The need for fertilizer to increase food production in many parts of the world is directly related to population density, prospects for future population growth and the amount of land available for crop production. In Russia population density is about 24 persons per square mile, in the U. S. its 53 and in Western Europe around 200.

Estimates of future world need for fertilizers run into huge figures. To cope with soaring populations and inadequate food production, nations all over the globe will be trying to squeeze every possible pound of food from every acre that can be cultivated.

As a consequence, the fertilizer industry is due to become one of the largest and most important of our American enterprises. So, when it became apparent that U. S. reserves of potash, an important fertilizer ingredient, were dwindling, prospecting was increased to locate new sources.

Like the huge iron deposits discovered a few years ago in its northeastern wilderness, Canada has come up with the answer.

It is reported that American interests are rushing into exploitation of Canadian potash. U. S. News pointed out recently that Canadian potash reserves are tremendous—some 60 Billion tons of rich ore in thick layers at depths of 3,000 to 7,000 feet in an area 450 miles long and 200 miles wide.

One U. S. firm plans to tap these riches with a 60-million dollar mine and refinery to turn out a million tons a year by 1968. Other ventures, some jointly owned by

U. S. and Canadian interests, are said to be pushing plans for additional development.

Improper use of pesticides has developed some problems for farmers here in Florida, but we are making progress in eliminating practices that have caused difficulties.

Florida uses more pesticides than any other state on the eastern seaboard and is second only to California in volume of produce grown and shipped. Yet we have the lowest percentage of any state, in relation to volume of shipments, for Federal violations of pesticide contamination in food products.

One of the principal problems encountered is drift of a pesticide which is applied on a windy day. It may be carried as much as five miles to contaminate or damage crops, settle on a pasture to result in contamination of milk and sometimes sicken or kill livestock.

Florida is not the only state with drift problems. California has been plagued with them for some time. Now I note that Pennsylvania has been having some troubles.

A grape-growing cooperative in the Keystone state alleges many acres of grapevines and fruit have suffered serious damage from spray used to clear railroad right-of-way of weeds and underbrush.

Grapes are particularly sensitive to certain pesticides. The Pennsylvania growers claim total damage to their vineyards cannot be assessed until the harvest of 1965.

Keep your fingers crossed! A Washington advisory service reports weathermen are forecasting October will be a bad month for hurricanes along the East Coast.

The present pattern of upper air currents is responsible.

Mrs. Paul Watson Has Birthday Party

Mrs. Lee Shirley entertained with a surprise birthday party, Friday, Oct. 2, at her home in honor of her mother, Mrs. Paul Watson. Guest attending were Mrs. Karl Watson, Mrs. Lee Wroten, Mrs. Bill Shirley, Mrs. C. A. Batchelor, Mrs. Mattie Chastain, Mrs. Edna Pickett, Mrs. David Unwin, Mrs. M. P. Stanley, and Mrs. H. E. Unwin.

NANCY HARRINGTON

Nancy Harrington Wins 4-H Club Award

Nancy Harrington, daughter of Mr. and Mrs. Roswell Harrington of Canal Point and a junior in Pahokee high school, has been declared winner of first place on records in entomology (insect study) in 4-H Club work in Palm Beach county. The award was announced last week by County Agent M. U. Mounts at a 4-H Leader Training Session at Mounts Agricultural Center in West Palm Beach.

Miss Harrington won a trip to the National 4-H Congress in Chicago to be held Nov. 28 to Dec. 3. She has been in 4-H Club work for six years and has been a Junior Leader for two years. She has completed 27 projects in 10 areas. Her interest in entomology began through a film shown on entomology by Associate County Agent John Causey at a 4-H Club meeting. She plans to attend college following completion of her high school course at Pahokee High School.

Chevron New Brand By Standard Oil

LOUISVILLE, Ky. — Crown, a gasoline brand-name by Standard Oil Company (Kentucky) for more than 50 years, is being replaced by a new name—Chevron.

"With the change to the Chevron name we are identifying our retail operations with those of our parent company, Standard Oil Company of California," said W. C. Smith, President of the Standard Oil Company. "This Company and its subsidiaries had been using the Chevron name in 28 states, Canada and Latin America before the addition of Standard of Kentucky's five states."

Decals bearing the new name had to be placed on 30,000 gasoline pumps in the Company's 8,000 outlets in five states. In addition, all but the newest pumps are being repainted. The pumps will be red or blue, depending on the grade of gasoline. The Chevron trademark is red, white and blue.

Work on this changeover has been going on for the past ninety days, and the change will be effective October 6th.

"There will be no change in station identifications," Smith said. "As long as we have service stations in our present marketings area, they will be identified by the Standard Oil sign."

Joe Erby Thompson Has Birthday Party

Mr. and Mrs. Joe Thompson assisted by Mrs. Charles Wilkinson entertained with a birthday party Saturday night in honor of their son Joe Erby on his 16th birthday. The party was held at the Lions Club building and featured decorations of green and white with a theme of "cars".

Refreshments included individual squares of cake with a car design. Door prizes were presented to Ellen Jo Denton, Nancy Harrington, Myrna Upthegrove, John Pell, Davis Rayburn and Jim Tyson. There were 75 guests present including Joe Erby's aunt, Mrs. M. H. Baxter.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

County Commissioners this week instructed Engineer George Frost to start moving on construction of extension of Road 703 which is the route providing a new interchange over I-95 asked by the Radio Corporation of America.

RCA, according to Frost, has approved relocation of the interchange road but has given only lukewarm approval of closing Monet Road at I-95 one of the provisions required by state and federal authorities in return for relocating the interchange.

Construction of a service road to replace the dead-ended Monet Road and payment of its construction is still under study, Frost said. In other actions the commission gave approval for construction of a bus stop near Lake Belvedere School to provide parking space for four school buses and to keep the buses from having to park on Belvedere Road.

Adopted a resolution to a Baptist convention to be held next month asking church officials to locate a new Baptist College in this area.

Rescinded a motion of last month approving a swap of ocean front land for an equal amount of footage on State Road A1A. The tract is known as the Hayes Ocean Property and Commissioner George Warren, who made the original motion, asked that it be rescinded to give him more time to study the matter.

Heard that condemnation proceeding for needed right of way for Delray Beach West Road will go to court this week and that all rights of way for the project are expected to be available by the end of November.

Voted to procure three parcels of right of way needed for widening Dixie Highway in West Palm

Beach between Nottingham Blvd. and Belvedere Road.

Heard that fill for a parking ramp at Pahokee Airport had been placed and will be hard topped sometime in the near future.

CELEBRATE BIRTHDAY

Mr. and Mrs. Joe Thompson motored to DeLand Tuesday to spend the day with their daughter Yvonne, the occasion being her 20th birthday. Miss Thompson is a student at Stetson University.

Fish Finder Is Now Available

Now you can call the fish to your exact fishing spot with a new patented and tested electronic translocator Fish Call.

Ichthyologists have known for some time that fish respond to sonic oscillations (sound) between 50 and 300 cycles, and to light waves. Both have been combined in this compact unit.

The sound waves, though only moderately audible to the human ear, travel some 200-300 yards through the water and attract the fish directly to the source. From then on it is up to the skill of the fisherman to get the fish to bite. (The TR-Sonic Fish Call does not give a fisherman unfair advantage of a fish any more than buck call gives a poor shot any advantage.)

The dial allows selection of five different variants of sound waves. In addition to the sound selection, the unit is also capable of producing light waves for maximum attraction of all species of fish. Retail price \$14.95.
